Bharat Opthalmic Glass Ltd.

985. SHRI GAYA SINGH: Will the PRIME MINISTER be pleased to state:

(a) whether it is a fact that inspite of Non-plan allocation of Rs. 140 lakhs for Bharat Opthalmic Glass Limited (BOGL) in Budget estimate of 1993-94 no fund has been released by Government till November, 1993 to the company;

(b) whether the revival plan of the company has been evaluated after extending all the facilities available to promote export-oriented organisation;

(c) whether it is also a fact that all small scale industries engaged in manufacturing BI-FOCAL lenses are using BOGL's flint button as the basic material for their production, if so, the steps taken for speedy revival of the company; and

(d) whether the reduction of import duty on flint button is resulting in lower sales turnover of BOGL and increase in middleman's profit, if so, the reason for reduction of import duty?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (DEPARTMENT OF INDUSTRIAL DEVELOPMENT) AND THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (DEPARTMENT OF HEAVY INDUSTRY) (SHRIMATI KRISHNA SAHI): (a) Yes, Sir. Although a budget provision of Rs. 140 lakhs under non plan is made for Bharat Opthalmic Glass Ltd. during 1993-94, actual release of funds depends on full justification and need for the same. BOGL has been able to manage till November, 1993 without any problem with regard to its production. The exact requirement of minimum budgetary support for BOGL for non plan would be considered at the appropriate time.

(b) The case of BOGL is before BIFR who have appointed IDBI as Operating Agency (OA). The final revival plan would depend on BIFRs recommendations.

(c) Small Scale Industries engaged in the manufacture of fused BI-FOCAL blanks and Lenses are using Glass flint buttons indigenously produced by Bharat Opthalmic Glass Ltd., Durgapur as well as imported flint buttons.

(d) The trends in turnover of BOGL during 1993-94 are showing an increase as compared with the previous year and the company has projected a substantial increase for the year 1993-94 as a whole over that of the previous year.
